

INSTRUCTIONS -- COMPLETING THE ACM COPYRIGHT TRANSFER AND RELEASE FOR CONFERENCE A/V RECORDING AND DISTRIBUTION

Thank you for submitting a paper for publication by ACM. ACM's publications are read throughout the world in print and digital formats. ACM must manage requests for reprinting, republishing, redistributing, digitizing, posting to servers, translating, anthologizing, and other actions.

It is the policy of ACM to own the copyright on its technical publications to protect the interests of ACM, its authors and their employers, and at the same time to facilitate the appropriate reuse of this material by others. United States Copyright Law requires that the transfer of copyright of each contribution from the author to ACM be confirmed. (See ACM Copyright Policy [§2.1](#)).

How to Complete the ACM Copyright Form (the "Form").

- **Part I: Authors must select Boxes A and/or B, and sign Part I.**
- **Part II: Authors must select box A and sign Part II. Authors must also select Box B if they have auxiliary materials.**
- **Part III: To be signed if authors used third party materials.**
- **Part IV: Authors must sign Part IV.**

Please return the Form with the manuscript to the editor at the address on the Form. Additional details about each Part of the Form are provided below.

ACM authors retain all proprietary rights other than copyright including a set of "Retained Rights" stated on the Form. (Also see the ACM Copyright Policy, [§2.4](#), [§2.5](#) and the [Permissions Policy, §3](#) for further details).

Part I.A. – Assent to Assignment

If you are employed and prepared your paper as part of your job, or as a "work-made-for-hire," the rights to your paper may initially rest with your employer. If so, the Form should be signed by an authorized person. If you sign the Form, ACM assumes that you have been authorized to do so by the owner. The Form must be received by ACM before processing of the manuscript so publication can be completed.

For jointly authored papers, an original signature is required from one (assumed senior) author only. However, we recommend that all authors read and agree to the terms of the Form and that this single author act as duly authorized agent of the others.

Part I.B. – Declaration for Government Work

Check *only* Box B of Part I of the Form if *all* authors are Government employees, and the work was created as part of their job exclusively for a Government agency. A statement of "public domain" will appear on the work submitted (the "Work") as it is not copyrightable. If any co-authors are not government employees, Box A of Part I must *also* be checked, and a modified copyright statement regarding government use will appear in the publication.

In the case of a Work created under a Government contract or grant, ACM recognizes that the Government has royalty-free permission to reproduce all or portions of the Work, and to authorize others to do so for official Government purposes only, if the contract/grant so requires. Authors employed by a civilian agency working under Government contract, i.e., national laboratory employees, are required to check *both* Box A and Box B of Part I.

Part II – Permissions

ACM requires a signed release (rather than a transfer of copyright) to make and distribute audio/video recordings. Please select Box A relating to this release.

ACM also requires a signed release to serve auxiliary materials, i.e. additional files, including software and executables, that are not submitted for review as an integral part of the work but are supplied by the author as useful and interesting resources for the reader (collectively, the "Auxiliary Materials"). Please also select Box B if you are supplying Auxiliary Materials.

Part III – Third Party Material

If you have incorporated any material owned by a third party in your Work or into your Auxiliary Material, you must fill out Part III of the Form and attach proof of permission to include this material.

Part IV – Liability Waiver

Everyone must sign Part IV.
